Always Move Forward!

The odds that you’ll succeed in achieving any of your goals without taking action are about the same as winning the lottery without buying a ticket!

For those times when you feel trapped, stressed, or in a prison of your own making, take massive, intentional, purposeful goal directed action. It’s the ultimate silver bullet.

Your challenge today is to be a non-stop locomotive, to inhabit each goal as if it is already achieved, to relentlessly pursue excellence as your ideal performance standard and to be focused on NOTHING but results.
